## **Country Statistics**

New Interface Overview Nov 2017

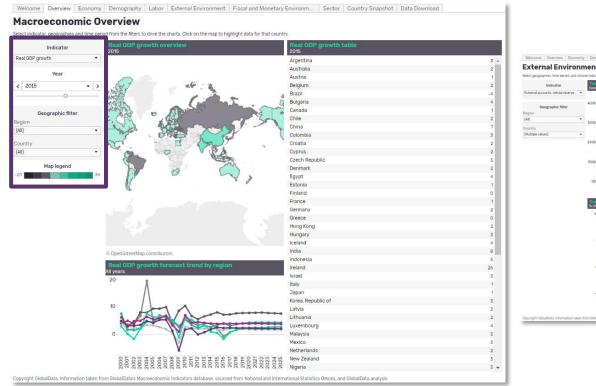

NEW YORK / SAN FRANCISCO / BOSTON / LONDON / DUBAI / SINGAPORE / SEOUL / TOKYO / SYDNEY

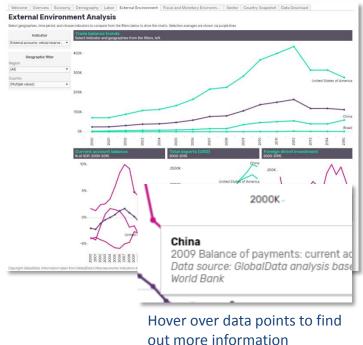

## New User Interface

An innovative and interactive data visualization and interrogation tool

Our platform uses the innovative Tableau interface to allow you to view data in flexible charts and tables, and export it for further manipulation and interrogation.

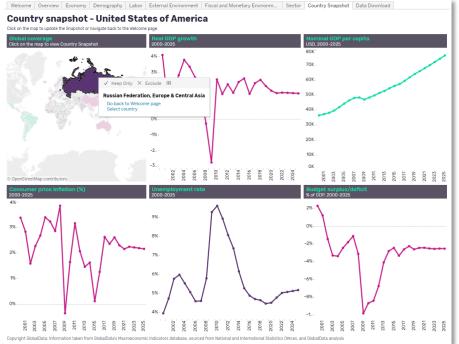

Select multiple geographies and indicators, and leverage interactive charts to enhance time-series data across thematic dashboards

## **New User Interface**

# Market ine

### An innovative and interactive data visualization and interrogation tool

Access an overview of your chosen market with the Country Snapshot

elect datapoints of interest to gene export, click within the table to se				below and choose 'Crosstal	b'.
