# Tenders & Contracts

Overview

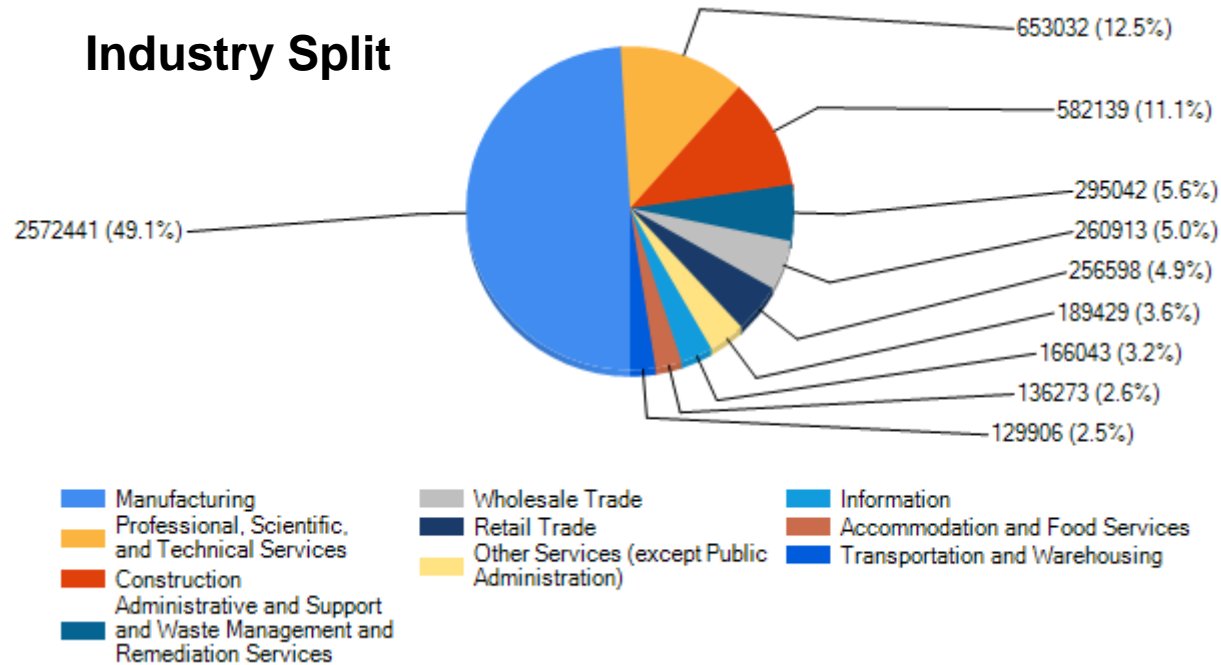

## **Tenders & Contracts**

- **Overview**
- **Key Benefits**
- **Key User Groups**
- **Process Overview**
- **The Tool**

***A database publishing about ~1.25 million tenders & contracts per year, with over 95% of the content being machine processed***

- Tracking 1,000+ sources across 120+ countries
- Average weekly publication of over 22k tenders, and expected to increase further
- Database of over 5 million tenders & contracts
- Contacts database with about 150K contacts

## Industry Split

**Manufacturing related tenders account for the majority**

## Geographic Split

**Decent spread in North America, Asia, Europe and South and Central America.**

## *Understand Markets*

- Understand the current and previous procurement trends to develop better procurement and supply strategies
- Get insights into the consumption and supply trends for various products and services across geographies
- Understand the competition and opportunities in the market

## *Understand Clients*

- Build list of the most prospective clients in seconds with contact details
- Get insights into the clients buying habits and spending patterns
- Understand the existing vendor relations to make more informed approaches
- Understand the pricing trends in the industry to get the best deals

## *Track Opportunities*

- Track opportunities coming up globally for various products and services
- Know upcoming contract renewals well in advance for better planning
- Know the other interested bidders in the race to prepare the best strategies

## *Understand Vendors*

- Build list of the most potential vendors in seconds
- Get insights into the vendors ability to deliver products/services, geographic presence, and competitiveness
- Understand the existing client relations to make more informed approaches
- Find potential business partners for subcontracting

*The procurement & BD/sales could be the key user groups*

## Procurement Teams

- Understand the cost of procurement
- Identify potential suppliers
- Evaluate potential suppliers

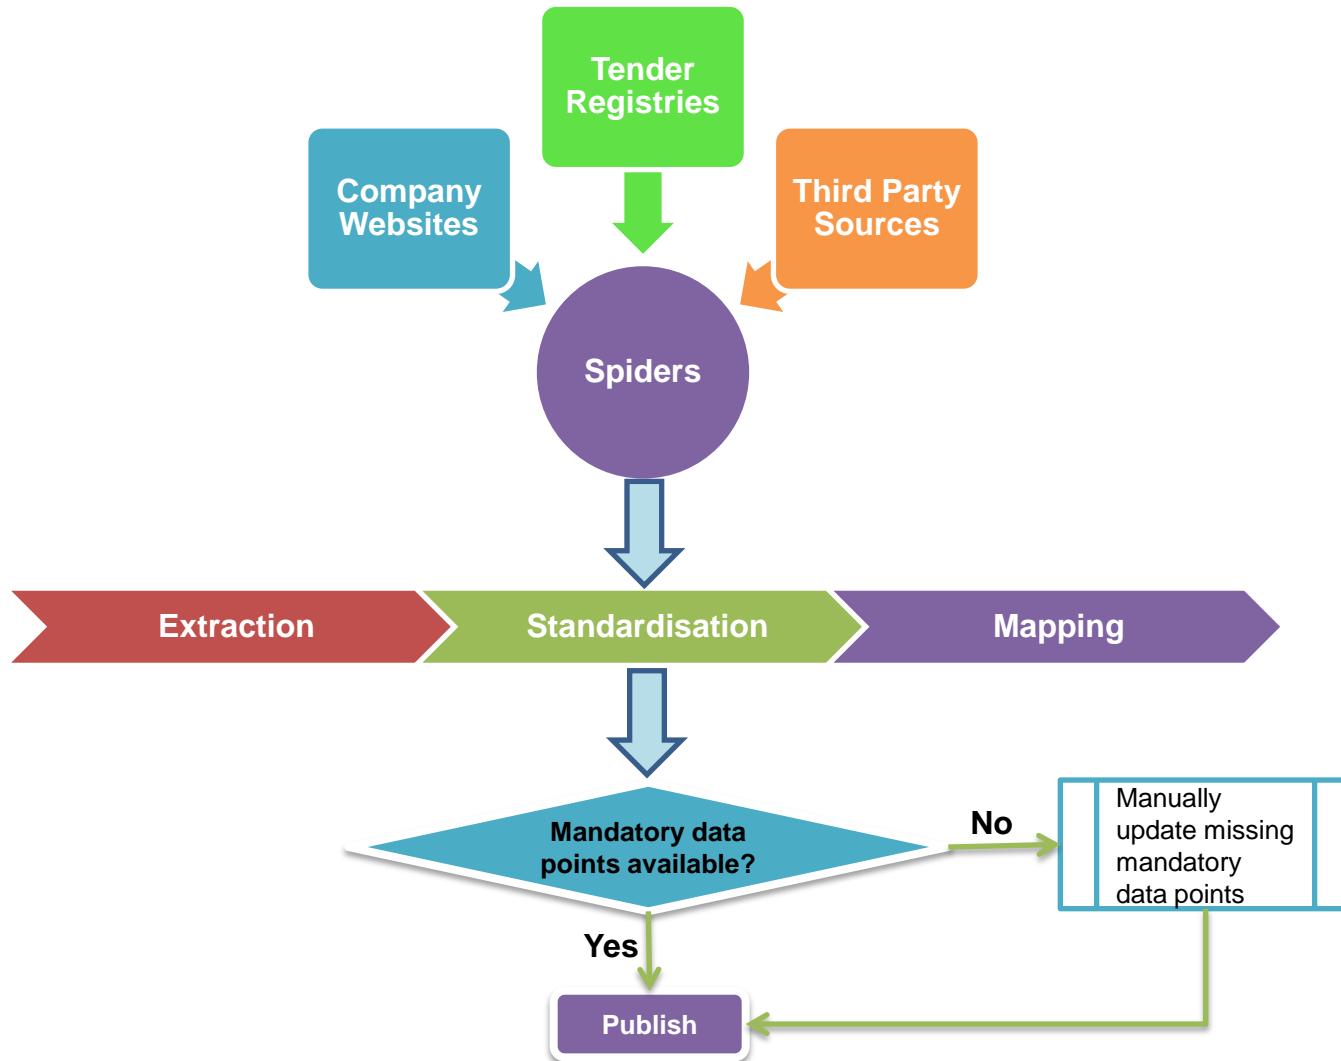

## BD/Sales Teams

- Get alerted on new opportunities
- Know contracts up for expiry
- Know the incumbent supplier
- Identify potential opportunities

## Company/Industry Research

- Know the key clients for company
- Know their current contracts
- Know procurement trends by industry/geography

*The tenders process is machine driven to a significant extent and manual intervention is limited to 5% of the total publication*

The advance search page

Enables user access to the contacts

Enables users to place any custom data requests

## HELP NOTES

### Industry (NAICS) :

standard classification of the products or services being procured under the contract/tender

### Geography:

The country in which the contract will be executed

### Contract Value:

The value of the contract in US\$

### Announced/Signed Date:

The date on which the contract was announced by the client or was awarded to a vendor

### Completion Date/End Date:

The date by when the contract is supposed to be executed/completed

### Deadline Date:

The date by when the bids for a tender have to be submitted

### Contract Stage:

Indicates the stage of the tender/contract in terms of whether it is yet to awarded, awarded or cancelled

### Contract Status:

Active indicates tenders which are announced recently and are yet to be awarded, contract which are awarded and are still being executed, or recently awarded contracts.

Inactive indicates tenders which have been awarded and executed, cancelled or announced over an year ago and not yet awarded

### Vendor/Supplier Name:

The search based on the name of the vendor

### Client Name:

The search based on the name of the client

### Keyword Search:

A generic text search option
